## EDUCATION

### Bachelor Of Technology

United College Of Engineering And Research, Naini, Prayagraj

2020 - 2024

8.98

Courses

- Computer Science and Engineering

### Intermediate

Tathagat Gyansthal Senior Secondary School Atarra, Banda

2020

78.20%

### High School

Tathagat Gyansthal Senior Secondary School Atarra, Banda

2018

83.40%

## MAJOR PROJECT

### Crop Suggestion System (Web based/Application)

Fourth year project

The application needs input parameters such as mineral content of the soil, pH level, moisture content, geographical location, ground water level, rainfall pattern, temperature, season etcetera and on the basis of these input parameters the system will suggest the best suited crop for the land. It will also suggest the pesticides, fertilizers for the crop so that better yield of the crop can be achieved. The application aims to offer farmers tailored recommendation for crop selection, planting times, cultivation practices.

## SEMINARS/INTERESTS/ACHIEVEMENTS

-

Attended the seminars of Microsoft Azure, Wipro Cyber Security

I like to learn about new technologies like Cyber Security, Artificial Intelligence. My hobbies include Coding, reading, listening podcasts and music, cooking, meditation, reading history, content writing, socializing with others in addition to it i am also martial arts trained
